**Two Days Workshop
on**

RISK MANAGEMENT

**23rd - 24th January 2019
Surajkund, Delhi NCR**

INTRODUCTION

Today's business world is constantly changing —its unpredictable, volatile, and seems to become more complex every day. By its very nature, it is fraught with risk. Enterprise risk management not only is a comprehensive, systematic approach for helping the organisation to identify, measure, prioritise & respond to the risks, it is also critical while setting strategy.

What is Enterprise Risk Management (ERM)?

ERM is a systematic process in which organisations:

- Integrate with strategy-setting and performance
- Maintain a portfolio view of key risks at group and business unit level
- Manage both the upside potential and downside impact based on organisation's risk appetite & risk tolerance

How does ERM benefit your organisation?

- Improved profitability and performance
- A comprehensive view of risks and controls throughout the organisation
- Risk-based management of resources and capital
- Enhanced dialogue with rating agencies and regulators
- Greater integration of governance, risk and compliance

Typical issues and challenges

- How does Enterprise Risk Management affect my company's strategy?
- What are my company's risks?
- Does my company have a risk appetite statement?
- How effective is my risk governance framework?
- How can desired culture be established and integrated into my company?

OBJECTIVE

This workshop intends to provide the participant necessary knowledge & skills to drive long term performance by identifying multiple & cross organizational risks and integrating a risk strategy to help in the pursuit of business goals.

- ✍ Defining, identifying, prioritizing, mapping, quantifying, and evaluating risk
- ✍ Exploring the role of corporate governance within the framework
- ✍ Introduction to Risk Management Standards – ISO 31000, COSO, ERM
- ✍ Highlights of Companies Act 2013 with relevant clause on ERM
- ✍ Audit Committee & importance of Internal Audit in Preventing/Detecting Frauds
- ✍ How to design meaningful controls and fraud Risk Management Strategy
- ✍ Critically examining the key drivers of the ERM process
- ✍ Defining the key risk fears and indicators
- ✍ Prioritizing business activities surrounding ERM implementation
- ✍ Applying the value-driven approach to ERM
- ✍ Ensuring evaluation of risk process & Realizing importance of management insight
